

Surety Products

Navigators offers a full service surety operation for accounts in the small and middle market sector. We handle everything from traditional accounts to cases involving alternative underwriting approaches, collateral, and use of the SBA Bond Guarantee Program. In addition, we offer Environmental Surety for a wide variety of companies operating in the environmental and remediation sector. Combined with Navigators' history in insurance for the Construction and Environmental industries, we can work to offer unique solutions to meet your client's needs.
